“Fortunate to Get Away with the Four Points Against Hungrier Camberwell”

We only just managed to keep an unblemished winning streak alive after a lacklustre performance against a fired up and impressive Camberwell today. There were some good individual performances across the ground but overall it was not a great team effort. Our blokes were often beaten to the ball and on too many occasions were left to battle for the ball with little assistance from team members. A better performance in the first half kept us in the game but we will need to improve to be competitive against the top sides in the competition. Let’s all put in a big effort at training this week in preparation for next week’s away game against Macleod (who had a very good win today against Kew Rovers).
